MACDERMID SCORED A TRIUMPH IN DIXON RECITAL LAST EVENING

Woman's Club Sponsored Appearance of Pop- ular Artist.

Sibyl Sammis MacDermid, soprano, and Gavin Williamson, pianist, gave a concert last evening at St. Paul's Lutheran church, which was largely attended, considering the disagreeable weather. Those who braved the weather were more than repaid in the rare treat afforded by the artists.

The Music Department of the Dixon Woman's club was instrumental in bringing to Dixon these artists of high ability. The club is striving to bring to the city that which is highest and best in music, and to assist in educating the popular taste for music to the higher planes.

No Stranger Here.

No stranger to Dixon audiences is Sibyl Sammis MacDermid, and their anticipation was fully realized last evening in the marvelous execution of the varied and difficult program given. Gifted with a voice of wide range, wonderful sweetness and power, this is combined with a dramatic ability of much versatility, and a personality whose wonderful penetrating qualities cling to one long afterward with peculiar intensity of the fragrance of the rose. This is the impression which Sibyl Sammis MacDermid left with her audience last evening. Indeed as she stepped to the platform last evening in her first number, she resembled a rose and was greeted with a round of applause.

HARDING SPENT DAY PLAYING GOLF; SURE OF BEING ELECTED

Office Seekers Already Making Applications for Positions.

By Associated Press Leased Wire
Marion, O., Nov. 2.—While the nation was recording its decision today on his candidacy for president, Senator Harding put politics out of his attentions and gave over the greater part of his time to a game of golf. Arranging to visit the polls and cast his own vote early in the forenoon, he chose to spend all of the remainder of the day away from Marion. He selected the Selgo club near Columbus, for his golf game and was to make the forty mile trip back by motor late in the afternoon.

Tonight with Mrs. Harding and a circle of friends he will learn the result of the balloting at his home where local Republican leaders have planned a red light celebration in his honor.

Has No Anxiety
If there was in the candidate's mind any apprehension over the outcome it did not manifest itself in his outward demeanor. He wore the same air of smiling confidence that has characterized his manner throughout his campaign, and there was apparent an additional touch of satisfaction that the stress of political debate was over.

Mrs. Harding, his constant companion during his campaigning, appeared equally confident and she insisted on doing her full part to the end of the fight by accompanying him to the polls and casting her first vote for him.

Office Seekers Busy
Many of Senator Harding's admirers, confident of a Republican victory already have given him the attentions of a potential president, and the inevitable procession of office seekers has begun. Requests for appointment to positions ranging from cabinet member down have reached Harding headquarters in quantity, and there has been a rush for postmasterhips by many who are not aware that recent legislation has put these positions under the civil service.

One of those who offered to serve as secretary of state wrote the senator that although he was young and inexperienced, he had honest purposes and high aims and was willing to take advice. His name never had been heard by the candidate or his advisers here.

Senator Cheered
Senator and Mrs. Harding reached the precinct voting place, a red brick garage, shortly after 10 o'clock. They were cheered when they entered the building and several of those who were waiting ahead of them offered to give up their places. The senator refused, however, and took his place, thirteenth in the line, with Mrs. Harding just ahead of him. A half dozen spotlights were concentrated on this and a battery of cameras clicked away as the nominee and his wife walked their turn. Mr. Harding took orders from the photographers good naturedly and got the crowd laughing by mimicking the move of those who were waiting ahead of them.

"That's right, let's keep this scenario going good," he said, "you know only vote for yourself for president once."

"Twice," corrected a woman in the crowd, and the candidate nodded and joined in the laugh.

Mrs. Harding's voting number was 303 and her husband's 304 in a ward whose registered vote is about 500. As they emerged from the voting booths, the spotlights flared on them again and there was another burst of cheering as they handed over their ballots to the election judge.

The Hardings rode to the polls accompanied by the senator's secretary, George B. Christian, Jr., who took his place in the line just behind his chief. He was followed in turn by Mr. Harding's chauffeur, Frank Blackston.

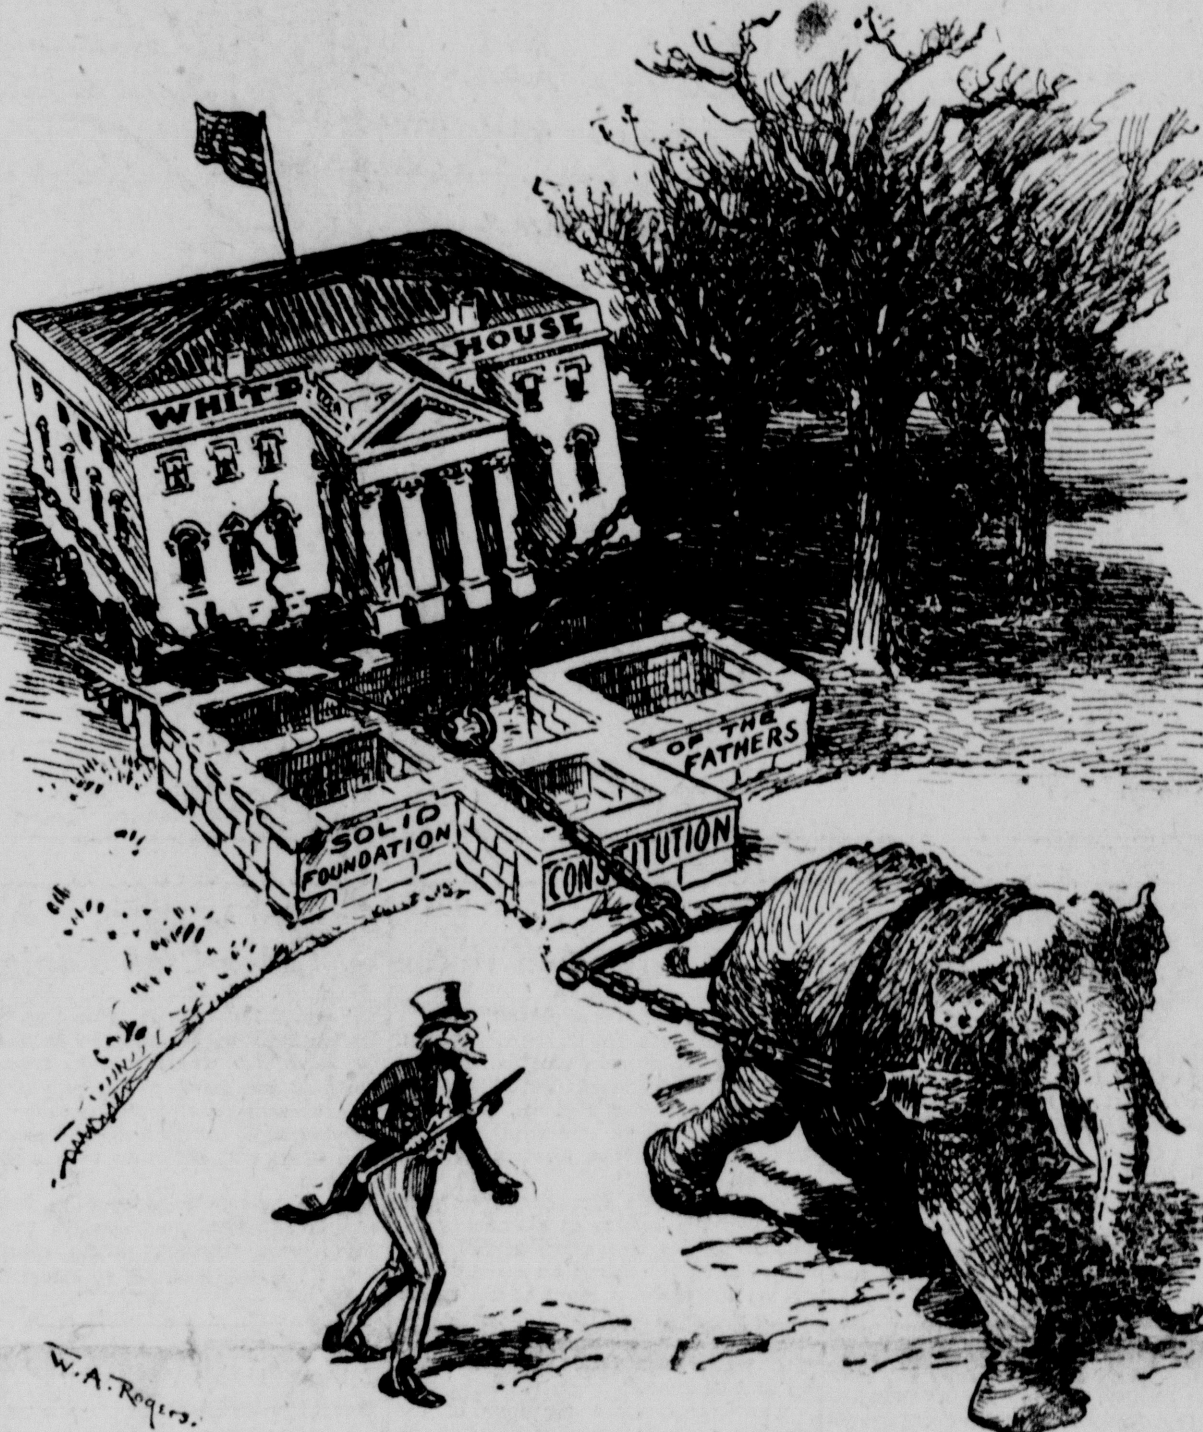

After he had voted Senator Harding remained near the voting place for a half hour chatting with his neighbors as they crowded around to express a hope that he would be victorious in the day's balloting. Many of them also extended birthday greetings, for Mr. Harding was born fifty-five years ago today.

Congratulatory birthday messages and advanced felicitations on the election results also began to come into Harding headquarters by wire early in the day. A great bundle of them had collected long before noon.

Both of the Northwestern main line tracks, one mile west of Ashton were blocked this morning for a few hours, because of the derailment and almost total destruction of two empty box cars. Poll Provisions in Mass. Are Taxed

By Associated Press Leased Wire
Boston, Nov. 2.—The outpouring of voters in Massachusetts today, notwithstanding overcast skies, was so great as to tax polling place provisions. From the hill towns and cities alike word came that the women were out in large numbers and the men's vote ran high.

This state gave the country the first returns early in the day, the little Berkshire town of New Ashford with 28 votes for Harding and Coolidge almost doubling its Republican strength of four years ago and the six votes for Cox and Roosevelt falling one short of the number given President Wilson in 1916.

BALLOT BOXES IN CHICAGO TOO SMALL FOR VOTE

Judges Forced to Transfer Ballots to Big Sacks.

By Associated Press Leased Wire
Chicago, Nov. 2.—Reports of fraud at polling places and indications of a vote which would tax the capacity of the election machinery of the city quickened interest in the balloting in Chicago during the first four hours of voting. Reports of a record-breaking vote were received from all sections of Illinois before noon. More than 300 Chicago precincts early notified the election offices of full ballot boxes, requesting additional containers. Instructions were issued to judges of election to open the boxes, transferring the tickets to bags, if necessary.

Illinois is voting on the largest ballot in the history of the state. Seven candidates for the presidency and ten gubernatorial aspirants are listed.

Complete confidence is expressed in the camps of the major parties as to the outcome of the race between Len Small, Republican, and former Senator James Hamilton Lewis, Democrat, for the governorship.

Inclement weather in the early morning, followed by light snow flurries before noon did not reduce the long lines formed before the voting places as the balloting began.

Heavy Rain Doesn't Stop Michigan Vote

Wrapp Arrested on Charge of Larceny

George W. Wrapp of this city was arrested last evening by Chief Van Bibber and held on a charge of petty larceny. Wrapp, who is 22 years of age, was suspected of having stolen a tire and rim off the car belonging to John Haynes, as it stood in front of the Masonic building on Friday evening of last week.

It is alleged that while he was trying to dispose of this tire he was arrested and is said confessed to the theft. He also told of having stolen a horse blanket from one of the American Express company wagons and another from the Manges feed shed, according to the police. He was taken before Justice Grover Gehant, where a charge of larceny was preferred against him. The court appointed Attorney Albert Haneketen to represent the defendant, who spent last night in the city jail and was this morning released on bonds.

GREAT BATTLE FOR VOTES TO END THIS EVE

Control of Congress is Also at Stake in Day's Election.

ELECTION RETURNS

Election returns from county, state and nation will be received by The Telegraph all night tonight, and subscribers who may wish to know the latest news may call this office, telephone No. 5, or Stratton & Covert's cigar store, No. 291, where all the latest bulletins will be flashed on a screen by stereopticon.

The Telegraph's leased Associated Press wire will be kept open all night and will carry the latest election news from the entire country; while local returns will be compiled as rapidly as possible. Because of the large vote it is not probable any returns of definite nature will be received before 9:30 or 10 o'clock this evening.

New York, Nov. 2.—By Associated Press—Weather running the entire prognosticator's gamut from "fair and warm" in the old south to "rain or snow" in the Great Lakes region, "clear skies" in the west and the weather man's hesitating "unsettled conditions" on the Atlantic seaboard, greeted the nation's voters today as they lined up at polling places to choose their next President.

Before noon reports from the four corners of the country indicated that men and women were defying the elements where these threatened and taking early advantage of nature's smiles in more unfortunate sections, to discharge their ancient prerogative in the case of the men voters and their new privilege in that of the newly enfranchised women.

In New York long lines formed before the polling places in some of which voters had to work fast casting their ballots at a rate exceeding one a minute. Some confusion resulted in precincts where adequate arrangements had not been made to accommodate the increasing number of registrants.

Locks Democrats Out

Early in the day Democratic national headquarters here sent out a distress signal. The landlord had locked the administrators of the party of Jefferson out of house and home at a moment when the administrator particularly wanted to be inside. In a statement issued after a compromise had been effected and the double bars of the office doors let down, George White, chairman of the Democratic national committee accused the owners of the grand Central Palace of attempting to "stop the entire machinery of the Democratic national committee this morning."

An hour or two later the headquarters was buzzing with the same activity as pervaded its rival on 41st street where Republican leaders linked with all parts of the country by telephone and telegraph wires waited the returns.

\$8000 for the Day

Mr. White said the national committee office rent had been paid to Nov. 1, and that an additional \$3000 was tendered the landlord this morning to cover the addition period including election day. "This sum, he said, was refused and it was not until a check for \$5000 had been put up that the offices were opened.

The final day of pre-election tension brought no let down of confidence on the part of the major party leaders. Mr. White began the day by saying "Cox and Roosevelt will be elected."

He also predicted substantial gains in house and senate.

Will Hays, directing the Republican campaign gave out no official statement. "I am mute for the present," he said.

First return from Kansas, where the contest is hot, gave Harding a slight advantage over his Democratic opponent. Scattered returns from four Topeka precincts recorded 93 votes for Cox and 109 for Harding.

New York, Nov. 2.—(By Associated Press)—Men and women voters of the 43 sovereign states of the nation went to the polls today to select a new president for the four years beginning March 4, next. Before the dawn of another day has broken the country in all likelihood will know whether Warren G. Harding, Republican, or James M. Cox, Democrat, has been elected to succeed Woodrow Wilson, for it is generally agreed that barring a miracle, none of the other five candidates has a chance. This choice, it is estimated, will be registered by a record vote of between 20,000,000 and 30,000,000 persons, many of whom are women who have been enfranchised since the last presidential election and are voting today for the first time.

GREATEST BATTLE AT POLLS OF AMERICA WILL END THIS EVE

(Continue from Page 1.)

around the League of Nations issue did not come to an end until an early hour this morning. Senator Harding spent election eve quietly at his home in Marion, Ohio, while Governor Cox wound up his campaign at a big meeting in Toledo last night, but state and local candidates throughout the country kept up their quest for votes into the dark hours of the night.

Unsettled weather, with the possibility of rain, faced the early voters of the eastern states as they trudged to the polls to cast their ballots, while those of the upper Mississippi valley, northern New England and New York prepared for the weather man's prediction of snow. The rest of the country generally is expected to vote under clear skies.

Will Get Returns.

Senator Harding will await the verdict of the electorate at his home in Marion, where he will receive news bulletins compiled from figures collected by The Associated Press. Gov. Cox plans to receive the returns in the office of his newspaper, the Dayton Daily News, which is a member of The Associated Press and will obtain its full election night service.

West Reporting Big Vote Today

By Associated Press Leased Wire
San Francisco, Nov. 2.—Along the Pacific coast, where the presidential election of 1916 finally was decided, record votes were expected today. Fair weather, with a tang in the air, was predicted for the entire west with the exception of western Washington, where rain was predicted.

Voters in San Francisco, scene of the Democratic national convention and western headquarters for the Republican and Democratic parties, went to the polls early. From other sections of California came reports that fair weather was drawing out many ballots.

Aside from the presidential contest, interest in California today centered in races for seats in congress and in the fate of the twenty constitutional amendments and referendum and initiative measures of the ballots.

AT SHUMARD HOME—
Miss Esther Shumard of 519 Depot avenue entertained on Saturday evening with a typical Halloween party, her guests numbering eighteen.

The Shumard home was particularly beautiful in its Halloween decorations of corn stalks, autumn leaves, jack-o'-lanterns, flowers and fruits, and overhead a benign looking autumn moon looked down on the scene of frolic.

The guests were greeted at the basement door by a large ghost who extended a clammy hand of welcome. All in attendance at the party were masked. When the guests reached the upper floor of the home a diminutive ghost bade them welcome. In the gay and cosmopolitan party assembled were to be seen flirtatious Spanish ladies, gypsies, the sedate Martha Washington, the urbane Uncle Sam, a Dutchman from Holland with wonderful wooden shoes, etc.

The Halloween games proved delightful amusement for the evening and Wilfred Shawger, Ted Hintz, and Miles Palmer proved themselves so proficient in the games that some of the guests say that they had much previous experience in same. Later in the evening the company unmasked and dancing was enjoyed. Delicious refreshments were served in a most unique manner. One obtained sandwiches and relishes from the buffet and passing on were served coffee from a kettle by a witch and if you were brave enough to withstand the witch's incantations and drink your coffee you found it excellent. Then when you were ready for a doughnut, where do you suppose it came from. Well, off of the handle of a broom, all so belonging to the witches who lived in the Shumard home Saturday night, then a tiny ghost wheeled a wheel-arrow of apples in.

All fortunate enough to be present that evening spent a very enjoyable one, indeed.

HALLOWEEN MASQUERADE—

On Friday evening at the home of Mrs. Dave Helmick, of 111 Boyd St., a Halloween masquerade party was held for Miss Dorothy Helmick, the daughter of the hostess.

The home was attractively decorated in pumpkins, autumn leaves and flowers. All the young people arrived in fancy costume, ready for an evening of jollity, which they enjoyed until a late hour. Miss Dorothy Helmick was dressed as queen of the festivities, and royally did she entertain her guests, one feature being her fancy dancing, which was especially pleasing. A Halloween luncheon prepared by Mrs. Helmick was most tempting and hearty young appetites did full justice to the good things served. At a late hour the guests departed, after a happy evening.

Games and music were the diversions of the evening and the guests departed wishing Miss Arleen success in her new position with the Metropolitan Insurance Co. in Chicago.

AT RANDALL HOME—

Paris, Nov. 2.—It is proposed by the French government to lay before parliament a bill providing for the transfer of the body of an unknown soldier from the battle zone to the Panthor in this city, and it is probable an immediate vote will be requested. This movement is similar to one originated some time ago in England, it being decided there to bury an unknown soldier in Westminster Abbey on Nov. 11, Armistice Day.

NOT PROUD OF IT

There are many fields in which the
United States leads the world. In
most of them Americans can find
pride. But there is one in which the
leadership brings shame instead of
enthusiasm.

The United States leads all other
countries equally advanced indus-
trially and socially in the percentage
of industrial deaths. So reports one
of the largest life insurance compa-
nies.

"There are," states its report, com-
piled after careful investigation, "not
less than 85,000 deaths from accident-
al causes each year in this country,
or at the rate of \$1 per 100,000 of popu-
lation. If we could reduce our acci-
dent death rate to that of England
and Wales we should have only 44,000
deaths from accident. We have, there-
fore, an excess of 41,000 deaths each
year because conditions of life and
work in this country are more haz-
ardous than they are in England."

This is a kind of "leadership" of
which America should do her best to
get rid.

The man who has been just three
jumps ahead of the sheriff isn't find-
ing the "hurdles" quite so high.

Iowa claims that California's 44 per-
cent gain in population is largely
made up of Hawkeye farmers.

that sugar is cheap.

choice of food, avoiding foods which
she has learned disturb her digestion,
as these will disturb the baby.

If the milk is scanty, a more gen-
erous diet is indicated. She should
take more fresh milk, eggs, fresh veg-
etables, ripe fruit, nourishing liquid
food and drink plenty of water, avoid-
ing tea and coffee and all alcoholic
preparations or patent medicines.

Constipation should be guarded
against. Fresh fruits are laxative. So
are bran biscuits or bran added to the
whole wheat flour. Whole wheat bread
is more nourishing than white bread
and does not constipate. A glass of
hot water the first thing on rising in
the morning has a beneficial action on
the bowels.

The following diet is recommended
for mothers:
All kinds of soups.
All kinds of fresh fish, boiled or broil-
ed.

Meats, once a day, beef, mutton, lamb,
veal, ham, bacon, chicken or turkey.
Eggs—freely one or two each day.
All cooked cereals with milk and
cream and sugar.

All stale breads, avoiding fresh bread
and rich cake.

All green vegetables—peas, string
beans, asparagus, cauliflower, spin-
ach, white and sweet potatoes, cel-
ery, lettuce and other plain salads
with oil.

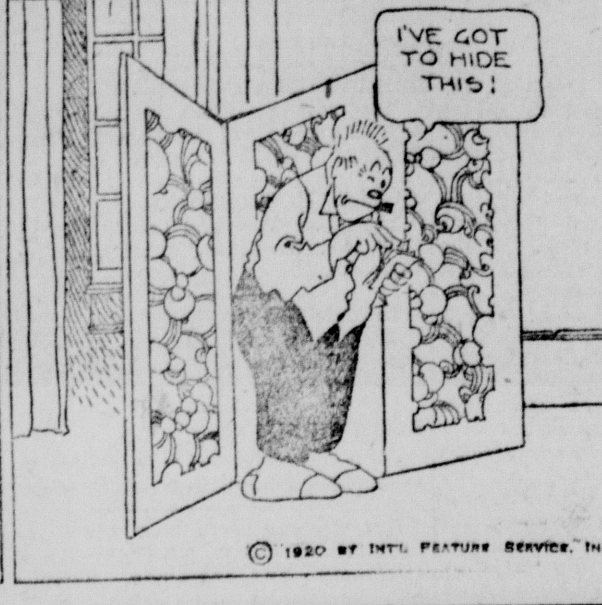

Deserts of plain custard or pudding,
ice cream, no pastry.
Fruits should be taken freely; all ripe,
raw fruits and cooked fruits.

Drinks—milk, buttermilk, cocoa and
plenty of water, one or two quarts
daily; tea and coffee sparingly, and
not strong, once a day. No beer
or other alcoholic drinks.

MUFF FESSES UP.
Muff Mole was making awful mis-
takes while they were playing blind
man's bluff. He was "it" and every
time he caught anyone he guessed the
wrong person. Mike, his father, was
mortified to death, and Mr. Scrimble
Scratch, the fairy schoolmaster, hard-
ly knew what to make of it. But Nick
and Nancy were wise little people and
knew that Muff wasn't so stupid as
he was pretending.
Bye and bye Muff caught Cutie Cot-

time. In fact, they were hoping he
would, for they were getting tired
playing the same game all the time
and wanted to change. Besides, they
were getting hungry.
Muff felt Cutie all over, even hop-
ping up on the rabbit boy's back and
feeling his great long ears to the very
tips. "Scramper Squirrel," he an-
nounced directly, and his mother and

father nearly fainted for shame. Such
a dummy! And, worse still, Muff
caught Scramper later, and after paw-
ing him all over, bushy tail and all,
he said was Cutie Cottontail. It really
was the limit.
But after while he caught Tommy
Thousand-Legger and being pretty
tired himself he told Tommy's right
name.
"Right," breathed everybody with
great relief, glad that the game was
over at last. And they took off Muff's
bandage.

THE BOOK OF ANN.

THE GIRLS "DEMAND" BOB'S PERMISSION FOR BOBBING MY HAIR.

The members of the ballet arrived
earlier than usual for practice next
morning in order to besiege my hus-
band and make their own terms about
bobbing my hair.

"They rested in the nook under my
beloved group of pines until Bob was
about to enter his car, and then they
attacked him without warning.

"A political delegation?" he asked
after he had greeted them in his most
charming manner.

I felt awfully proud of my husband
that morning. Bob is tall and thin,
and always perfectly groomed, and as
he stood, hat in hand, surrounded by
the prettiest girls in our set, I knew
that all but the married one were pos-
itively envious of me. Perhaps it was
not a nice feeling, but it was perfect-
ly human—it was the kind of satisfac-
tion which lots of young married
women have whenever they are
with a crowd of their spinster friends.

I hadn't wanted the girls to be-
siege Bob, but of course I couldn't for-
bid it. And I was quite fearful that
an embarrassing situation might result
from the interview, because my hus-
band gets so stubborn, sometimes,
without giving formal notice.

"A political delegation?" Bob asked,
"or a committee of arbitration?"

"We've come to demand—" began
Deborah Burns. At this Bob shouted
with laughter.

"Demand?" You're up to date, all
right, girls," he said. "You want me
to speak at the rally—after refusing
to do so?"

"No, sir," said Willy Van Eyck em-
phatically. "We've something much
harder than that for you to do. Prom-
ise you will!"
Bob laughed again.

white spots on the tongue. I take
cathartics, keep bowels open, but still
they do not go clear away. I have
indigestion. Would the kidneys cause
it? Please send answer soon and pub-
lish it as "M."

A.—Surely you must realize that it
is impossible merely on the basis of
your letter to determine the nature of
your ailment. The term "indigestion"
is almost meaningless, for it is a sym-
ptom which is observed with a large
number of diseases, some of them
traceable to the stomach, some to the
kidneys, some to the heart and others
to still other causes. By all means go
to a qualified physician, and have him
find out exactly what is wrong.

"Woman's political methods are go-
ing to prove effective—and unique,"
he said. "Promise first—and then
find out what I've promised! Willy,
you rascal, you can't catch me that
way. Tell me what you demand, girls!"

"We want Jane bobbed! We want
Jane bobbed!" they chanted in chorus
as at a signal from Deborah, who is
their leader, they danced in a wavy
Greek circle around him.

Bob gave me a quick glance as I
tripped past him. I worried me, for
he can get as hard as nails in about
half a second, and his look said to my
experienced eye that I was much to
blame for letting him in for a very
embarrassing situation.

Fortunately, at the moment, Debo-
rah Burns, as spokesman for the
crowd, addressed my husband thus:
"Mr. Bob Lorimer, we demand that
you take your wife, Jane Lorimer,
down town in your car this morning
and return her to us properly cropped
so that she may reflect some credit on
the ballet-ballet!"

I almost shivered for fear Bob might
be suddenly abrupt and take the fun
out of the frolic, politely, or course,
but nevertheless quite positively, and
that all of the girls might be em-
barrassed. Instead of refusing imme-
diately and decidedly, Bob said:

"Line up, girls! Let me give you a
critical once-over!"

They stood in a row posed in the
same position, quite as gracefully as
any real show girls, with their pretty
cropped heads forward. My husband
then deliberately, I must admit that
he showed a keen appreciation of the
fact that they were the loveliest girls
in town.

"Kamerad!" he exclaimed after tak-
ing his own time to study the various
bobs on exhibition. "Kamerad!" He
raised his hands to the level of his
head. Then to me, "come along, Jane!
Have it over with!"

At this, Ann Bow at him, put her
arms around his neck, in her supreme-
ly affected innocence, and deposited a
kiss on his lips!

I could have slapped her!
He was my man! Even if modern
domestic custom does permit broth-
ers-and-sisters-in-law to share certain
endearments—I could have slapped
Ann Lorimer before them all!

She was showing off! She was try-
ing to prove to the girls that she had
her little particular brand of right and
privileges connected with the only
man in the crowd—a man who cer-
tainly looked particularly fascinating
that morning.

"PEACE ON EARTH" COX'S LAST WORDS ON HIS CAMPAIGN

Closed Drive in Speech at Toledo, O., Last Evening.

By Associated Press Leased Wire
Dayton, O., Nov. 2.—Governor Cox, the Democratic presidential candidate, back from Toledo where he made his last speech of the campaign last night was ready to cast his vote, as he said for the League of Nations.

His special train arrived here early in the morning, but the governor was asleep. Soon afterward he arose, and leaving the railroad yards expected to stop on his way home at a cross roads store of east his ballot. Mrs. Cox, who accompanied her husband to Toledo, also expected to go to the polls with him.

The last words of the Democratic candidate's long campaign uttered last night at Toledo, were:

"Peace on earth; good will toward men."

These words sung by the Angels at Bethlehem 2,000 years ago, the governor said, would come true as America's entrance into the league.

Thousands that assembled in two halls greeted his last message with applause and as it died away at the last meeting the governor hurried to his train to bring him back home.

After casting his vote the governor planned to go to his farm home to remain there until the election returns began to come in at his downtown newspaper office. There, he expected to spend most of the night watching the computation of the count.

Passengers on the city cars this morning traveled in a great deal more comfort than for the past few days. This comfort was brought about because of the fact that the small coke heating stoves have been installed in the cars and when the cars pulled away from the barn early this morning a warm fire burning in the stoves was very noticeable to the passengers.

TAKES TRUTONA AND RESUMES HIS FORMER DUTIES

Decatur Man Says Perfect Tonic Relieved His Ailments in Just One Week's Time.

Decatur, Ill., Nov. 1. — "Decatur people should be proud of the fact that such a wonderful medicine as Trutona, can be purchased here," declares James Adams, lifelong resident of this city and who lives at 538 North Union street.

"My stomach had been out of shape for years, and for the past three or four months, my system generally has been run down," he continued. "An attack of influenza, which I had last winter, left me very weak. Gas formations in my stomach, constantly caused me much pain and misery. Almost everything I ate disagreed with me. I tried many remedies, hoping to regain my strength, but it seemed useless, and I had been away from my job for six weeks, when I began using Trutona."

"It took Trutona just a week to put me back on the job, and now I scarcely notice the gas formation. I eat heartily of most everything, and don't have to suffer afterward. I feel so much stronger, too, and my work doesn't tire me now. I know I'm gaining weight, and so many people have remarked about how much better I'm looking. Again I say Decatur people should be proud of Trutona."

Trutona is sold in Dixon at Rowland Bros. drug store.

Dixon Y. M. C. A. Plans A Busy Season

The first of a series of joint social events to be given by the young men and women of the Young Men's Christian association will be given tomorrow evening. The committee promises one of the biggest parties ever

staged in the Y. Beginning at 8:30 it will be one continuous round of pleasure and if you like to laugh and grow fat you should attend. This event marks the opening of the season's program which as outlined will help materially in the promotion of the right kind of amusements and entertainment during the winter months. The Young Men's Christian Association of Dixon was organized May 3rd, 1889, by business men interested in the welfare of the young men of Dixon. It then occupied the two upper floors of a building on Galena avenue on the site of the present Miller building. Some of these men are on the board at the present time and are in a position to appreciate the growth of the institution and have had the pleasure of seeing a number of Dixon

boys enter the association work as a profession and at present are enjoying the success that comes to all who are interested in serving young manhood. We wish to mention a few of Dixon's boys who are making good in association work: Walter M. Wood, General Secretary of the Philadelphia associations. Mr. Wood held this position for twelve years, during that time the membership has increased from 6,000 to 28,000; Herbert Martin, Rock Island, Ill.; John Fee, who is the head of Physical Education at the Johnstown, Pa., association; Royce Long, Stanford University; Harry Major, Physical Education, Elgin association; C. E. Webster, Physical Education, Grand Rapids, Mich.; Orville Remley, Jackson, Michigan association; George Anderson, Secretary, Clinton, Ia.; Roy Moeller, Y work in China.

Also through the inspiration and help of the various departments, many other boys have been directed, in their respective vocation. By means of modern equipment and added departments it is the aim of the association at present, to carry on more efficiently the work originated by those men of vision of former days. A flourishing and successful venture in the way of added departments is the Boys' Division. Mr. Phillips of Terre Haute, Ind., has been engaged as Boys' Work Secretary and already has gained the complete confidence of good will of the boys. That the program of the department will be a profitable one, is already assured. All young men of the community are welcome at the local Y. M. C. A. and should avail themselves of its hospitality. If you are seeking recreation, employment, lodging, association information, we are able to serve you.

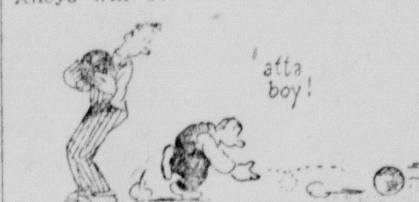

Religious and educational committee has formulated plans which will stimulate that phrase of the Y program, Gospel teams have already been at work and have conducted some very interesting meetings. Sunday afternoon Fire-Side sessions are to begin Nov. 14 and continue through the winter months. The High Y Group Bible study class starts Thursday evening with a 6:30 luncheon. A girls

Not only is it a genuine and wholesome exercise for the body, but it gives a person a relaxation that one needs after a busy day in the office, store or shop. I do not hesitate to heartily endorse the program as carried on by the Physical Department of the Y. M. C. A.

Why is a Gym Class? Some don't know, some don't care, and some are indifferent, but some can tell you without any flourish, ruffles or frills and those are the birds who KNOW. For those who DON'T know a few words from the wise ones might prove illuminating so here are a few remarks on the subject from those, who by experience, know what they are talking about:

A. W. Leland, J. I. Case T. M. Co.: I feel that I not only enjoy, but get a great deal of good, from the taking of moderate exercises in the gymnasium and expect to do more or less of the work this year.

pin artists will have an opportunity to get back into the old game. Some very good scores have been made on the Association Alleys and doubtless the year will see some records smashed. The Physical committee will arrange for tournaments which are to be started soon, so you are invited to get into the harness and limber up. Alleys open every evening until 10 p. m.

The ladies department is proving very successful. New members are coming in regularly and the classes are growing. If you were to step into the Lobby Monday evenings you would appreciate the effort on the part of the association to give to the girls and women of Dixon the same opportunities that are offered the men and boys.

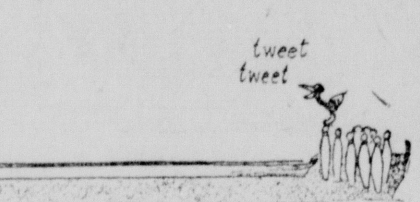

Mr. Kuhn, of Mankato, Minn., who is in charge of the Physical work needs no introduction to Dixon people as this is his second year with the Dixon association. The result of his instruction last year is plainly visible. The following items give some idea of the working of that department as Mr. Kuhn terms it.

Dr. C. E. Smith, Dentist: In the Gym class you will get suitable and systematic exercise which is needed by business and professional men. You will also get lots of good wholesome pleasure.

undertaker could not be accommodated, they don't try, at least, to get in. Very little has been said, so far, about boxing and wrestling, but then it has been too warm to even think of a gym class let alone the strenuous work of Gutch and Dempsey. There will be a class organized, however, sometime in November and announcement will be made more in detail later on. Dan Wolf, Dixon's well known mat artist will have charge of the class. Nuff sed.

The fact that Gym classes have started has undoubtedly escaped the notice of some of these who are planning on getting in this season and then too the warm weather has kept lots out who know that the ball has started rolling but who lack the pep and ambition to get started while the weather remains so fine. But nevertheless the classes, most of them, have come up to expectations and the Junior "Bs" have almost exceeded the speed limit. When the boys really do get started we'll sure have a merry time keeping track of 'em all. The ladies evening class is showing up in great style and the they are strong in numbers and they are rather weak on voice and not much noise is made on the one, two three fo. The kids have got 'em all faded on the noise.

Before we finish singing our little song there is just one more verse we would like to cram down your throats and that is the tale of the discovery of the real undisputed Eighth Wonder of the world. This great discovery was made by one of the Volley Ballists and like all other important and priceless discoveries it struck him all of a sudden, like the apple and Sir Isaac. All discussion and argument as to the 8th wonder of the world has arrived at a climax with this discovery; from now on it will be considered as settled, the decision going to the V. B'er whose modesty demands that his name be withheld from publication. Piled down to the essential facts, the Eight Wonder of the World is, "That all the red-blooded, wideawaked, up-and-coming, alive and kicking men, women and children of Dixon are not enrolled in a Gym Class at the "Y". A large number are, of course, but there are a few who come in this class who don't know how much they are missing. Of course, again, there wouldn't be room for them all and we couldn't take care of 'em, so those who get in on the ground floor are the lucky ones. But despite the fact that every person not flirting with the

CUBA ELECTION RETURNS SLOW; ZAYAS LEADING

People of U. S. Will Know Their New Prexy First.

By Associated Press Leased Wire
Havana, Nov. 2.—Work of canvassing the vote of yesterday's presidential election moved very slowly last night, and it seems probable that if the rate of counting the ballots maintained last night is continued, the result of the presidential election in the United States today may be known here before Cubans learn the name of their next president.

Returns from only 111 of the 3002 precincts in Cuba had been received by the central electoral board up till the time it closed shortly before midnight. At that time, Dr. Alfredo Zayas, coalition candidate, was leading General Miguel Gomez standard bearer of the Liberal party, by 682 votes. The tabulation as announced by the electoral board, gave Zayas 11,034 and Gomez 10,352.

There was a feeling of intense relief when dispatches from all parts of the island indicated that the day had passed without serious outbreaks. The number of persons killed around the polls was no greater than expected. Dr. Zayas was a bit more optimistic than General Gomez, for he claimed a sweeping victory, while Gomez declared the tabulation was too meagre as a basis for predictions. The general's followers, however, went to bed after a night of great hilarity in Havana, satisfied that he had won.

U. S. DEPUTIES GUARD CHICAGO VOTING BOOTHS

By Associated Press Leased Wire
 Chicago, Nov. 2.—Deputies from the office of Charles F. Clyne, United States district attorney, were added to the ballot box guards of special police and party workers in Chicago today, following the warnings given judges in numerous precincts by Mr. Clyne to be on the watch for law violations.

While yesterday's heavy rain was not expected to cut the Chicago vote, Len Small and former Senator James Hamilton Lewis, Republican and Democratic candidates for governor respectively, claimed an advantage from its effect on the down state rural vote. There are eight other candidates for governor besides these two, and a considerable share of the estimated vote of 2,300,000 in the state is conceded by political experts to candidates other than those of the two major parties. The contest between Lewis and Small aroused almost as much interest as the presidential campaigns.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system. If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results. Thousands of women and men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then.

Sold by druggists throughout the world. In boxes, 10c, 25c.

Dear PETEY:

Checked up our old dormitory pal "Snapper" Teebo this morning waiting on an appointment down Peachtree St. "Snap" wanted to know a bookfull of my visit to the Camel factories. "Tell us old apple seed," says "Snapper", "you're on the inside!" "Snap" still has that mighty annoying way of saying, "But that doesn't surprise me."

Anyhow—when I explained about the millions of Camels R. J. Reynolds Tobacco Co. made daily what does the old bird sputter but: "Why, Shorty, they'd have to make that many to supply the demand! Camels have the quality smokers want! And, they have the most wonderful mellow mild body and the most refreshing flavor ever created in a cigarette! Of course they make Camels by millions; of course they buy enough revenue stamps from Uncle Sam every day to build a duplicate of the Winston-Salem post office! Why not? Smokers everywhere will have Camels!"

But, "Snap" finally got to spilling some real nobby Camel selling stuff! "Shorty," says he, "I want to put it on record that in all the times I've pulled Camels out of my pocket to supply somebody's shortage I've heard enough good things said about 'em to fill a volume! 'That's my brand'; 'Camels are a wonderful cigarette'. 'Like getting money from home', etc.

"And, Shorty, what's the answer? Why—Camels blend of choice Turkish and choice Domestic tobaccos meets the universal taste! And that's the 'hole' story, old golf ball!"

Pete, you pet phonograph, did you ever hear a better record?

Sincerely,

Shorty.

All my bloating and suffering is gone and I feel as though newly born." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. Why Stay Fat?

The answer of most fat people is that exercise and dieting is too hard, too troublesome and too dangerous a method to force the weight down. However, in Marmola Prescription Tablets, all these difficulties are overcome. They are absolutely harmless, entail no dieting or violent exercise, and have the added advantage of cheapness. One little tablet after each meal and at bedtime—as pleasant to eat as candy—will reduce your weight two, three or four pounds a week, and leave no bad results such as wrinkles or flabby skin. A good exercise box is sold by druggists at the reasonable price of one dollar, or if preferable they may be obtained by sending the amount to the Marmola Co., 34 Gardfield Building, Detroit, Mich. They will reach you by mail, prepaid, in plain, sealed cover.

Now that you know this you have no excuse for being too fat, but can reduce two, three or four pounds a week without fear of bad after-effects.

Wisconsin Voters Are Realigned Now

Milwaukee, Wis., Nov. 1.—Realignment of voters on state issues is the chief point of interest in the election in Wisconsin. Non-Partisan League endorsement of part of the Republican state ticket and Senator La Follette's support of an Independent opponent of Senator Lenroot are large contributing factors in the situation. Republican leaders are confident of holding the state legislature, where the five unopposed Republican candidates for the state senate are to be added twelve Republican holdover senators, giving the Republicans 17 out of the 33 in that body. Thirty-six Republican and three Socialist candidates for the assembly are unopposed out of a membership of 100.

Iowa Women's Vote is Very Uncertain

Des Moines, Ia., Nov. 1.—The vote to be cast here tomorrow is expected to be seventy-five per cent higher than the vote cast four years ago because of the women's ballots. Politicians, however, admit uncertainty as to how the women will vote. The Democrats are staging a big final rally here tonight. The Republicans closed their campaign activities Saturday night, with a large meeting.

Governorship is Center of Interest

Chicago, Nov. 1.—Interest in the fight between Len Small, Republican, and James Hamilton Lewis, Democrat for governor, overshadows the race for

BULLETIN

By Associated Press Leased Wire

Chicago, Nov. 3.—At 1 a. m., with 1251 out of 5730 precincts in the state reporting Senator Harding was leading Governor Cox by an average of 142 votes per precinct. If this ratio continues throughout the state the Republican nominee's indicated plurality will be 813,660. 1651 precincts reporting include 925 in Chicago and 736 down state and represent partial returns from all but eight out of 11 Illinois 102 counties.

By Associated Press Leased Wire

Chicago, Nov. 3.—Illinois today gave Senator Warren G. Harding an overwhelming majority for president on the face of returns from approximately one-fifth of the state, and behind him apparently swept into office all of the Republican candidates for state places.

On the face of returns at midnight, William B. McKinley will succeed Lawrence Y. Sherman in the United States Senate and Len Small will succeed Frank O. Lowden as governor.

At midnight, Senator Harding was leading Governor Cox by an average of approximately 140 votes to the precinct, his plurality of 153,749 at that hour being almost double the Democratic candidate's total vote. The figures for 1061 precincts—475 in Chicago and 586 down state were: Harding 339,522; Cox 85,782.

Small Also Leading

At the same hour 931 precincts—500 being in Chicago—gave for Governor: Small 198,330; Lewis 108,852.

Returns from 831 precincts—450 in Chicago and 381 down state—gave for Senator: McKinley 179,421; Waller 70,848.

The count progressed slowly during the early hours of the evening, election officials being handicapped by the flood of ballots incident to the first trial of full suffrage for women. Interest centered in the three leading offices and the count for minor positions lagged far behind.

Uncorked Celebration

As the magnitude of the Republican victory became apparent, the election night crowds in Chicago dwindled fast, only the stauncher election fans staying up to celebrate. By 9 o'clock it seemed sure that the Republican state ticket had won and the city hall which had canvassed the returns, uncorked the official celebration with a leafing siren song from fire boats, over craft and factory whistles.

Senator Harding maintained his

While the state of Illinois and the Republican communities of the nation were piling up fine majorities for Senator Warren G. Harding and the party tickets, Lee county was sustaining its record of being one of the stalwart Republican centers of the state.

For Lee county, with one precinct missing, gave the G. O. P. standard bearer a majority of 5686 out of a total vote of 8934.

The total vote of the 37 of 38 precincts in the county for president was:

Cox	1126	590	1626

Small Easy Winner

Len Small, Republican primary nominee for Governor was almost as big a winner in Lee county as head of the ticket, for the Kankakee man was given a majority of 4594 votes of a total of 9354 cast in the county with one precinct—May—missing. Harlan, the "Harding-Coolidge Republican Party" candidate polled but 87 votes in the 37 precincts reported, the vote of the county with the one missing precinct being:

Tennessee Vote is Heavy for Harding

By Associated Press Leased Wire

Knoxville, Tenn., Nov. 3.—Unofficial returns compiled early today by the Journal and Tribune, from 65 out of the 95 counties in Tennessee gave: Harding a plurality of 18,422 over Cox and Taylor, Rep., a lead of 29,142 over Governor Roberts, Democrat, in the gubernatorial race. These figures include all but four of the counties in the mountain section, considered heavily Republican.

Chairman White of Democratic National

Referendum" Lost.

(By Associated Press Leased Wire.)

New York, Nov. 3.—On the face of returns showing the growing landslide for Harding, Governor Cox's own newspaper, the Dayton Daily News, and Chairman White of the Democratic National Committee conceded the election of Senator Harding. Without waiting for returns from the west, which four years ago elected Wilson in the face of pluralities for Hughes throughout the east, the Democratic candidate and his chief manager conceded that in the "solemn referendum" which President Wilson declared would decide the League of Nations question, American voters had preferred Harding, who favored "staying out" to Cox, who favored "going in."

TREMENDOUS LANDSLIDE.

When Governor Cox and Chairman White made their concessions such returns as were coming in from the western states showed a strong drift to Harding and the Republican landslide which began to take on tremendous proportions throughout the east was continuing to roll on with seemingly never-ending momentum.

At the hour the Democratic concession of Republican victory was made, there were practically no returns in to show the trend of voting on congress. The few returns at hand showed few net changes and these were in favor of the Republican side.

Taking the Republican landslide in the east as handwriting on the wall, metropolitan newspapers, among them those which staunchly had supported Governor Cox and the League of Nations issue, announced the election of Harding early in the evening.

The following statement was issued by George White, chairman of the National Democratic Committee:

"The abandonment by some of the most prominent Republican leaders of the very League of Nations which they helped to construct has been successful. The people have

Marion, O., Nov. 2.—Convicted by early returns of his election to the presidency, Warren G. Harding issued a statement tonight saying that instead of being exultant over the result he was "more given to prayer to God to make me capable of playing my part."

It became known that the Senator and Mrs. Harding had made plans for a vacation trip, to be carried out regardless of the result of the election, taking them for a rest next week in Texas and after that for an ocean voyage to the Panama canal zone. They will return to Marion during early December.

Harry M. Delaherty of the Republican campaign committee made this statement here:

"It is the greatest victory in American political history, clearly foreshadowed and predicted. It is more than a partisan victory as the result was contributed to by millions of Democrats. The women of the nation have quickly indicated the conferring of the suffrage privilege as they sensed correct by the issues and rallied to the cause of America and American institutions. The Republican party is fully conscious of the great responsibilities implied in this popular verdict and will faithfully keep its obligations."

The Senator's trip to Texas will begin Friday night or Saturday morning.

PRESIDENTIAL VOTES OF FORMER YEARS

For purposes of comparison the votes of 1916 and 1908 are particularly interesting. The last normal pre-war election, the injection of the Bull Moose party in presidential contest was in 1908. In 1912 it was a three-cornered contest making the results of little comparative value now. In all comparisons remembered the addition of the woman vote in most of the states. Suffrage states in 1908 and 1916 are indicated by double stars, while additional suffrage states of 1916 have single stars. The total electoral vote is the same for 1920 as in 1916.

WARNER GIVES WOMEN PRAISE FOR FINE WORK

Chairman of Lee County Committee Tells of Their Work.

By HARRY WARNER

Chairman Lee Co. Rep. Com.

"Early returns indicate a splendid Republican victory for the entire National and State ticket. The women of Illinois have shown excellent judgment and a wise discretion in their exercise of the right of franchise."

Great credit is due to the effective Women's organization perfected by Mrs. E. B. Griffin, State Chairman, assisted in this Congressional District by Mrs. Douglas Harvey and Miss Florence Noble of Dixon and an efficient corps of workers throughout the county.

"The Men's Republican Organization worked vigorously and energetically and in co-operation with the Legislative and County candidates won a decisive victory in spite of a strong and determined inclination, especially early in the campaign, to bolt the regular ticket."

"Every one of the Committeemen and workers both men and women, are entitled to share in the credit for the victory and there is glory enough for all."

Cox Spent Night at His Newspaper

By Associated Press Leased Wire

Dayton, O.—Other than casting his vote early in the day Governor Cox, Democratic presidential candidate, apparently took only a passing interest in the election, but tonight he went to his newspaper office to watch the returns.

The governor was smiling when he reached the office at 7:30 p. m., accompanied by Mrs. Cox but made no comment on the election. At that time the newsmen were in the streets with the first extra, carrying news unfavorable to the candidate.

"No one has any occasion for bitterness or of recrimination. What the whole people decide, the whole people must accept. The Democratic National Committee abides by the result cheerfully, if with forebodings. Senator Harding is the people's president.

"As the national chairman of a party which is, and has always been, for America first, I have sent messages of congratulation to Senator Harding, Governor Coolidge and Mr. Hays. I wish them success."

MACDERMID SCORED A TRIUMPH IN DIXON RECITAL LAST EVENING

Woman's Club Sponsored Appearance of Popular Artist.

Sibyl Sammis MacDermid, soprano, and Gavin Williamson, pianist, gave a concert last evening at St. Paul's Lutheran church, which was largely attended, considering the disagreeable weather. Those who braved the weather were more than repaid in the rare treat afforded by the artists.

The Music Department of the Dixon Woman's club was instrumental in bringing to Dixon these artists of high ability. The club is striving to bring to the city that which is highest and best in music, and to assist in directing the popular taste for music to the higher planes.

Coolidge Hoists Flag; Then Votes

By Associated Press Leased Wire. Northampton, Mass., Nov. 2.—Gov. Coolidge, Republican vice presidential nominee, voted with Mrs. Coolidge here shortly after 9 a. m., and then left by automobile for Boston where he will receive the election returns tonight.

The governor's day opened with an informal flag raising at his home conducted by his two small sons. The boys hoisted the colors on a small pole on the lawn in front of the house while the governor and Mrs. Coolidge and a gathering of neighbors and children on their way to school looked on and cheered.

The voting place for four of the city wards is in the auditorium of the city hall, and ward 2 in which the governor lives is one of these. He was driven in his car with Mrs. Coolidge to the polling place where a warm greeting from his fellow townsmen awaited him. The governor deposited his ballot at 9:19 and Mrs. Coolidge voted a few minutes later. After that they held an informal reception many of the women voters meeting the governor for the first time.

Long Ballots in All States Delayed Solemn Referendum

By Associated Press Leased Wire. New York, Nov. 2.—Millions of Americans, many of them women exercising their franchise today for the first time, cast their ballots for national and state tickets and in the "solemn referendum" on the League of Nations issue.

Delaware Apparently Solid for Harding

By Associated Press Leased Wire. Wilmington, Del., Nov. 3.—The Republicans apparently will carry the national and state ticket in Delaware by pluralities ranging from 3000 to 5000. At 2 a. m. returns from 65 of the 201 districts in the state give Harding 12,643; Cox 8933.

Idaho Going Strong for Senator Harding

By Associated Press Leased Wire. Boise, Idaho, Nov. 2.—Returns from 82 precincts out of 825 in Idaho give for president: Cox 4481; Harding 9566.

Harding Has Lead in Missouri Count

By Associated Press Leased Wire. St. Louis, Mo., Nov. 3.—1235 precincts out of 3810 in Missouri give: Harding 187,566; Cox 173,497.

Freeport Woman, 87, First Voter

Freeport, Ill., Nov. 2.—Mrs. Anna O. Bailey, 87, widow of Joseph M. Bailey, for many years justice in the Illinois supreme court, was the first woman to vote in Freeport today. Snow was falling when the polls opened.

lead in Illinois as the returns poured in. Figures from 730 precincts showed his average plurality per precinct over Governor Cox as 138.5, as compared to 138.8 in the first 119 precincts reporting. Returns from 579 precincts in the race for Senator gave William B. McKinley an average lead per precinct of 125.8 over Peter A. Waller, Democrat.

The first 695 precincts reporting on Governor gave Len Small, Republican an average lead per precinct of 89 over J. Hamilton Lewis.

Call it Landslide. Republican headquarters here called the election a landslide, while Democratic leaders said there was still reason for confidence in the ultimate result.

Western headquarters of the Socialist party announced early returns showed an increased Socialist vote. Crowe, R. for state's attorney and Richeimer, R. for county judge, both adherents of Mayor Thompson, were leading Democratic opponents 2 to 1.

Polling place shootings totaled four injuries being slight except in the case of a police sergeant, who was probably fatally injured in a gun fight with four negroes.

The returns from the state came in slowly as the night progressed. With practically no increase in the number of precincts in the state while the numbers of voters had been doubled by woman suffrage, election officials found their task almost doubled.

At 10.30 less than 500 precincts, about equally divided between Chicago and downstate, had reported, out of the 5730 in the state.

Solid G. O. P. Delegation. Incomplete but representative returns from Cook county congressional districts indicated the probable defeat of Representatives Sabath and Rainey, Democrats, and the election of a solid Republican delegation to congress from the ten districts in the county.

Chicago voted on a daylight savings ordinance to advance the clock one hour every summer, but its fate is in doubt, with its proponents maintaining a slight lead. A referendum to redistrict the city into 50 wards has apparently carried, and another to continue the present two year term of aldermen appears assured of success.

Wragg Arrested on Charge of Larceny

George W. Wragg of this city was arrested last evening by Chief Van Bibber and held on a charge of petty larceny. Wragg who is 22 years of age, was suspected of having stolen a tire and rim off the car belonging to John Haynes, as it stood in front of the Masonic building on Friday evening of last week.

It is alleged that while he was trying to dispose of this tire he was arrested and is said confessed to the theft. He also told of having stolen a horse blanket from one of the American Express company wagons and another from the Mangels feed shed, according to the police. He was taken before Justice Grover Gehant, where a charge of larceny was preferred against him. The court appointed Attorney Albert Hanneken to represent the defendant, who spent last night in the city jail and was this morning released on bonds.

Public Debt Was Decreased in Oct.

By Associated Press Leased Wire. Washington, Nov. 2.—Treasury operations for October resulted in a further reduction in the public debt, according to figures made public today showing the gross debt to be \$24,062,509,672. This represents a reduction of \$24,346,455 during the month.

Ordinary expenditures of the government during the month totaled \$426,497,372 against total ordinary receipts of \$220,034,804. The difference of \$206,462,567 was more than overcame, however, by other transactions by the department affecting the public debt.

Staleys Play in Rock Island Next

Both managers posted a large forfeit that in the event of a third game being necessary it would be played at a place designated by the Staley management.

Georgia Negresses Are Refused Ballot

By Associated Press Leased Wire. Savannah, Ga., Nov. 2.—Negro women were refused ballots at the voting places in Savannah today. Many negro women have registered here since the suffrage amendment became effective, but the election judges ruled that they were not entitled to vote because of a state law which requires registration six months before an election.

No white women presented themselves at the polls.

By Associated Press Leased Wire. Trenton, N. J., Nov. 3.—The Republican ticket, national and state, swept New Jersey in yesterday's election. Giving a plurality for Senator Harding and Governor Coolidge which will approximate 225,000 the greatest in the history of the state, when the returns are complete, the voters of the state changed the representation from seven Republicans and five Democrats to ten Republicans and two Democrats.

NOT PROUD OF IT

There are many fields in which the
United States leads the world. In
most of them Americans can find
pride. But there is one in which the
leadership brings shame instead of
enthusiasm.

The United States leads all other
countries equally advanced indus-
trially and socially in the percentage
of industrial deaths. So reports one
of the largest life insurance compa-
nies.

"There are," states its report, com-
piled after careful investigation, "not
less than 85,000 deaths from accident-
al causes each year in this country,
or at the rate of 81 per 100,000 of popu-
lation. If we could reduce our acci-
dent death rate to that of England
and Wales we should have only 41,000
deaths from accident. We have, there-
fore, an excess of 44,000 deaths each
year because conditions of life and
work in this country are more haz-
ardous than they are in England.

This is a kind of "leadership" of
which America should do her best to
get rid.

DIET FOR NURSING MOTHERS.

The diet for a nursing mother needs
to be appetizing, nutritious and laxa-
tive. As a rule, she may follow her
choice of food, avoiding foods which
she has learned disturb her digestion,
as these will disturb the baby.

If the milk is scanty, a more gen-
erous diet is indicated. She should
take more fresh milk, eggs, fresh veg-
etables, ripe fruit, nourishing liquid
food and drink plenty of water, avoid-
ing tea and coffee and all alcoholic
preparations or patent medicines.

Constipation should be guarded
against. Fresh fruits are laxative. So
are bran biscuits or bran added to the
whole wheat flour. Whole wheat bread
is more nourishing than white bread
and does not constipate. A glass of
hot water the first thing on rising in
the morning has a beneficial action on
the bowels.

The following diet is recommended
for mothers:

All kinds of soups.

All kinds of fresh fish, boiled or broil-
ed.

Meats, once a day, beef, mutton, lamb,
veal, ham, bacon, chicken or turkey.

Eggs—freely one or two each day.

All cooked cereals with milk and
cream and sugar.

All stale breads, avoiding fresh bread
and rich cake.

All green vegetables—peas, string
beans, asparagus, cauliflower, spin-
ach, white and sweet potatoes, col-
cary, lettuce and other plain salads
with oil.

Deserts of plain custard or pudding,
ice cream; no pastry.

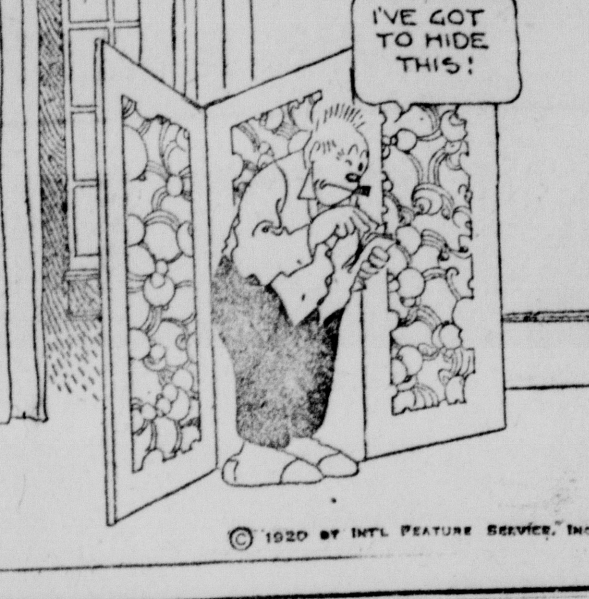

Fruits should be taken freely: all ripe,
raw fruits and cooked fruits.

Drinks—milk, buttermilk, cocoa and
plenty of water, one or two quarts
daily; tea and coffee sparingly, and
not strong, once a day. No beer
or other alcoholic drinks.

MUFF TESSIES UP.

Muff Mole was making awful mis-
takes while they were playing blind
man's buff. He was "it" and every
time he caught anyone he guessed the
wrong person. Mike, his father, was
mortified to death, and Mr. Scribble
Scratch, the fairy schoolmaster, hard-
ly knew what to make of it. But Nick
and Nancy were wise little people and
knew that Muff wasn't so stupid as
he was pretending.

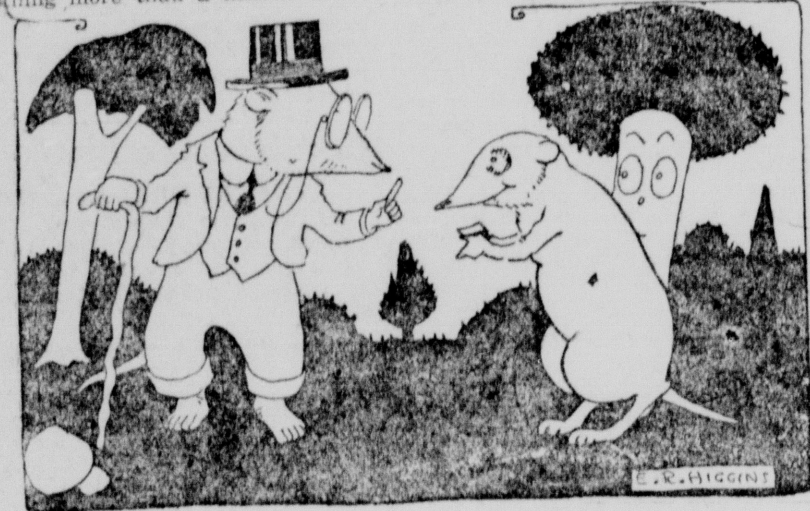

Bye and bye Muff caught Cutie Cot-
tontail, with his great long ears stick-
ing up like lamp-posts, and his tail
nothing more than a name. Every-

father nearly fainted for shame. Such
a dummy! And, worse still, Muff
caught Scamper later, and after paw-
ing him all over, bushy tail and all,
he said was Cutie Cottontail. It really
was the limit.

But after while he caught Tommy
Thousand-Legger and being pretty
tired himself he told Tommy's right
name.

"Right," breathed everybody with
great relief, glad that the game was
over at last. And they took off Muff's
bandage.

one of the Meadow Grove pupils was
perfectly positive he'd guess right this
time. In fact, they were hoping he
would, for they were getting tired
playing the same game all the time and
wanted to change. Besides, they
were getting hungry.

Muff felt Cutie all over, even hop-
ping up on the rabbit boy's back and
feeling his great long ears to the very
tips. "Scramper Squirrel," he an-
nounced directly, and his mother and

he, "you're a disgrace to the family.
Why did you make so many mis-
takes?"

Muff fessed up then that he'd been
shamming. "I had to, Dad," he said.
"Honest!" And he named over ev-
erybody he'd caught in their proper
order. "I knew 'em all! But if folks

THE BOOK OF ANN.

THE GIRLS "DEMAND" BOB'S
PERMISSION FOR BOBBING
MY HAIR.

The members of the ballet arrived
earlier than usual for practice next
morning in order to beseege my hus-
band and make their own terms about
bobbing my hair.

They rested in the nook under my
beloved group of pines until Bob was
about to enter his car, and then they
attacked him without warning.

"A political delegation?" he asked
after he had greeted them in his most
charming manner.

I felt awfully proud of my husband
that morning. Bob is tall and thin,
and always perfectly groomed, and as
he stood, hat in hand, surrounded by
the prettiest girls in our set, I knew
that all but the married ones were pos-
sibly envious of me. Perhaps it was
not a nice feeling, but it was perfect-
ly human—it was the kind of satisfac-
tion which lots of young mar-
ried women have whenever they are
with a crowd of their spinster friends.

I hadn't wanted the girls to be-
sieve Bob, but of course I couldn't for-
bid it. And I was quite fearful that
an embarrassing situation might result
from the interview, because my hus-
band gets so stubborn, sometimes,
without giving formal notice.

"A political delegation?" Bob asked,
"or a committee of arbitration?"

"We've come to demand—" began
Deborah Burns. At this Bob shouted
with laughter.

"Demand?" You're up to date, all
right, girls," he said. "You want me
to speak at the rally—after refusing
to do so?"

"No, sir," said Willy Van Eyck em-
phatically. "We've something much
harder than that for you to do. Prom-
ise you will!"

Bob laughed again.

A.—Surely you must realize that it
is impossible merely on the basis of
your letter to determine the nature of
your ailment. The term "indigestion"
is almost meaningless, for it is a sym-
ptom of a number of diseases, some of them
traceable to the stomach, some to the
kidneys, some to the heart and others
to still other causes. By all means go
to a qualified physician, and have him
find out exactly what is wrong.

PALMYRA C. T. A. IN FINE MEETING; SAW HERD OF HOLSTEINS

Regular Monthly Meeting Was Held at Downing Home at Galt.

About thirty-five members of the Palmyra C. T. A. met at the home of Mr. and Mrs. H. E. Downing at Galt Friday evening, for the regular monthly social meeting of the association.

The fore part of the evening was spent in a pleasant social way and the following program was rendered: Vocal Solo—Mrs. R. G. Proctor. Reading—Miss Arletta Downing. Reading of Minutes—Sec. J. C. Wadsworth.

Talk—County Advisor L. S. Griffith of Lee County.

Vocal Solo—Miss Elva Wadsworth. County Advisor Griffith took for his subject the marketing and consumption of dairy products, and placed special emphasis upon the use of butter, cheese and milk in the home instead of the many dairy substitutes.

Mr. Griffith enforced his statements by reading clippings from a paper by Dr. McCullom of John Hopkins University upon the food value of vitamins, i. e. Fat Soluble A, and Water Soluble B, which make up the most essential part of milk. Examples were cited where experiments had been made upon animals with and without the essential milk element in the ration, and in almost every case life shriveled up and died without the elements supplied by the vitamins in milk, etc.

Special emphasis was placed upon the need for the dairyman to use his own product, even though necessary for him to buy a churn in order to make his own butter.

L. E. Birdsall, who represents this district on the executive committee of Illinois Agricultural Association, and J. C. Wadsworth, director of the Milk Producers' Co-Operative Marketing Company, discussed the problem of supplying the demand for good butter, and told of the work and plans of their respective organizations.

After the program, the ladies of the association served one of their famous scrambled suppers, consisting of sandwiches, pickles, baked beans, potato salad, pumpkin pie, cake, fruit salad, chocolate pudding, ice cream, wafers and coffee.

The members then inspected Mr. Downing's herd of grade Holsteins which bids fair to lead the association this year for the production of milk, with a probable average of 12,000 lbs. of milk for the year. This is an increase of nearly 3,000 lbs. of milk over the average made by Mr. Downing's herd last year, and certainly speaks well for the excellent care, management, and selection practiced by Mr. Downing. The lamentable fact is that such a fine herd must be dispersed in January, as Mr. Downing is going to retire from farming then.

6,978 People Met Death on Railroads During Year of 1919

By Associated Press Leased Wire Washington, Nov. 2.—Fewer persons were killed on railroads during 1919 than in any years since 1898 and fewer were injured than in any year since 1910, said a statement issued today by the Interstate Commerce Commission.

During 1919 a total of 6,978 persons were killed and 149,953 injured, compared with 6,859 killed in 1918 and 119,507 injured in 1919. Of the killed during the year 273 were passengers and of the injured 7,456 were passengers. Employees killed during 1919 numbered 2,138 and 131,018 were injured.

MACDERMID SCORED TRIUMPH IN DIXON RECITAL LAST EVENING

(Continued from Page

Lyre," by Handel. In responding to an encore at the close of the French songs Mrs. MacDermid gave a dainty bit written by her husband, "If I Knew You and You Knew Me," which was charmingly given.

Williamson Fine.

In Gavin Williamson, pianist, Mrs. MacDermid has an accompanist of great ability. His interpretation and sympathy are most appealing and his execution has just the proper tone shading, and so modest withal is he that he quite won the approbation of the audience at once. In his two numbers, "Waltz" C sharp minor, by

Chopin and "Scotch Poem" by MacDowell he gave ample evidence of his talent, the room being so quiet one could hear a pin drop. In answering to the enthusiastic applause with an encore, the little number from Rachmaninoff was equally enjoyed.

The aria from "Thais" displayed to excellent effect the wonderful dramatic ability of Mrs. MacDermid, so quickly does she turn from grave to gay. In response to the encore she gave the old favorite "Annie Laurie," and very sweetly was it given.

Pleasing Scotch Ballad.

One of the most affecting numbers was the simple Scotch ballad "The Mither Heart," the rendition of which brought tears to the eyes of many present. In the "Guardian Angel," by Lehman, the artist was especially enjoyable, bringing out the naive spirit of the selection with charming directness. "My Love Is Like a Red, Red Rose," was another old favorite given as an encore.

In the last numbers given Mrs. MacDermid was especially charming. They were written by the artist's hus-

band and she gave them just the beautiful tone interpretation and sympathetic understanding needed. All three are wonderfully written, but the last number, "If You Would Love Me," was just the sweetest bit of music one could hear to carry away as a memory of one of the most enjoyable concerts ever heard in Dixon. Dixon citizens owe the Woman's club a vote of thanks for bringing musicians of this high calibre to Dixon.

Six Months in Jail Then Deportation for Britain's Mystery Man

By Associated Press Leased Wire

London, Nov. 2.—Six months at hard labor and deportation thereafter was the sentence imposed in Bow street police court today upon Erki

Welhelm the "mystery man" who was arraigned in this court a week ago today charged by the government with acting as an intermediary between members of the revolutionary circles in Great Britain and Russian revolutionists.

It was upon Welhelm, the government's attorney announced, that a letter from Sylvia Pankhurst to Nikolai Lenin, premier of Soviet Russia, had been found, in which Miss Pankhurst was alleged to have written:

"The situation is most acute; not ready for a revolution yet."

Miss Pankhurst has since been sentenced to six months imprisonment on charges of having published seditious literature designed to affect the navy, in the newspaper the "Workers Dreadnought."

"PEACE ON EARTH" COX'S LAST WORDS ON HIS CAMPAIGN

Closed Drive in Speech at Toledo, O., Last Evening.

By Associated Press Leased Wire
Dayton, O., Nov. 3.—Governor Cox, the Democratic presidential candidate back from Toledo where he made his last speech of the campaign last night was ready to cast his vote, as he said for the League of Nations.

His special train arrived here early in the morning, but the governor was asleep. Soon afterward, he arose, and leaving the railroad yards expected to stop on his way home at a cross roads store at east his ballot. Mrs. Cox, who accompanied her husband to Toledo, also expected to go to the polls with him.

The last words of the Democratic candidate's long campaign uttered last night at Toledo, were:

"Peace on earth; good will toward men."

These words sung by the Angels at Bethlehem 2,000 years ago, the governor said, would come true as America's entrance into the league.

Thousands that assembled in two halls greeted his last message with applause and as it died away at the last meeting the governor hurried to his train to bring him back home.

After casting his vote the governor planned to go to his farm home to remain there until the election returns began to come in at his downtown newspaper office. There, he expected to spend most of the night watching the computation of the count.

Street Car Patrons Welcome Coke Stoves

Passengers on the city cars this morning traveled in a great deal more comfort than for the past few days. This comfort was brought about because of the fact that the small coke heating stoves have been installed in the cars and when the cars pulled away from the barn early this morning a warm fire burning in the stoves was very noticeable to the passengers.

No trouble to get the children to take their bath with a Fuller Friction Shower. 28716

TAKES TRUTONA AND RESUMES HIS FORMER DUTIES

Decatur Man Says Perfect Tonic Relieved His Ail- ments in Just One Week's Time.

Decatur, Ill., Nov. 1. — "Decatur people should be proud of the fact that such a wonderful medicine as Trutona, can be purchased here," declares James Adams, lifelong resident of this city and who lives at 535 North Union street.

"My stomach had been out of shape for years, and for the past three or four months, my system generally has been run down," he continued. "An attack of influenza, which I had last winter, left me very weak. Gas formations in my stomach, constantly caused me much pain and misery. At most everything I ate disagreed with me. I tried many remedies, hoping to regain my strength, but it seemed useless, and I had been away from my job for six weeks, when I began using Trutona."

"It took Trutona just a week to put me back on the job, and now I scarcely notice the gas formation. I eat heartily of most everything, and don't have to suffer afterward. I feel so much stronger, too, and my work doesn't tire me now. I know I'm gaining weight, and so many people have remarked about how much better I'm looking. Again I say Decatur people should be proud of Trutona."

Trutona is sold in Dixon at Rowland Bros. drug store.

Dixon Y. M. C. A. Plans A Busy Season

The first of a series of joint social events to be given by the young men and women of the Young Men's Christian association will be given tomorrow evening. The committee promises one of the biggest parties ever

HARRY A. PHILLIPS
Boys' Secretary

staged in the Y. Beginning at 8:30 it will be one continuous round of pleasure and if you like to laugh and grow fat you should attend. This event marks the opening of the season's program which as outlined will help materially in the promotion of the right kind of amusements and entertainment during the winter months. The Young Men's Christian Association of Dixon was organized May 3rd, 1889, by business men interested in the welfare of the young men of Dixon. It then occupied the two upper floors of a building on Galena avenue on the sight of the present Miller building. Some of these men are on the board at the present time and are in a position to appreciate the growth of the institution and have had the pleasure of seeing a number of Dixon

boys enter the association work as a profession and at present are enjoying the success that comes to all who are interested in serving young manhood. We wish to mention a few of Dixon's boys who are making good in association work: Walter M. Wood, General Secretary of the Philadelphia associations; Mr. Wood held this position for twelve years, during that time the membership has increased from 6,000 to 28,000; Herbert Martin, Rock Island, Ill.; John Fee, who is the head of Physical Education at the Johnstown, Pa., association; Royce Long, Stanford University; Harry Major, Physical Education, Elgin association; C. E. Webster, Physical Education, Grand Rapids, Mich.; Orville Remley, Jackson, Michigan association; George Anderson, Secretary, Clinton, Ia.; Roy Mueller, Y work in China.

Also through the inspiration and help of the various departments, many other boys have been directed, in their respective vocations. By means of modern equipment and added departments it is the aim of the association at present, to carry on more efficiently the work originated by those men of vision of former days. A flourishing and successful venture in the way of added departments is the Boys Division. Mr. Phillips of Terre Haute, Ind., has been engaged as Boys' Work Secretary and already has gained the complete confidence of the department. That the program of the department will be a profitable one is already assured.

All young men of the community are welcome at the local Y. M. C. A. and should avail themselves of its hospitality. If you are seeking recreation, employment, lodging, association information, we are able to serve you.

Religious and educational committee has formulated plans which will stimulate that phrase of the Y program, Gospel teams have already been at work and have conducted some very interesting meetings. Sunday afternoon Fire-Side sessions are to begin Nov. 14 and continue through the Winter months. The High Y Group Bible study class starts Thursday evening with a 6:30 luncheon. A girls

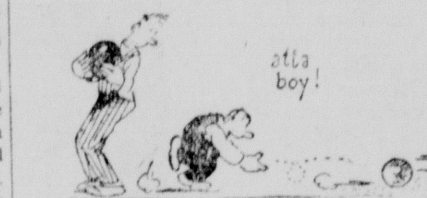

High Y club is also to be organized and will co-operate with the young men in the promotion of the Bible study. Personal interviews with Dixon's successful business men for those wanting advice or suggestions which will lead to the choosing of a life work is a feature of the program outlined. Meetings will also be arranged and men engaged to give talks on vocational guidance.

If you have any suggestion along this line you are invited to call and give us your help.

Business men's club to meet monthly beginning with November. Correspondence with a number of good speakers is a guarantee of some old time get-together meetings of the business and professional men of the city. Up to the minute topics will be discussed.

BOWLING ALLEYS IN BEST OF CONDITION.

Wednesday evening the Bowling Alleys will be thrown open and the

pin artists will have an opportunity to get back into the old game. Some very good scores have been made on the Association Alleys and doubtless the year will see some records smashed. The Physical committee will arrange for tournaments which are to be started soon, so you are invited to get into the harness and limber up.

Alleys open every evening until 10 p. m.

The ladies department is proving very successful. New members are coming in regularly and the classes are growing. If you were to step in to the Lobby Monday evenings you would appreciate the effort on the part of the association to give to the girls and women of Dixon the same opportunities that are offered the men and boys.

Mr. Kuhn, of Mankato, Minn., who is in charge of the Physical work, needs no introduction to Dixon peo-

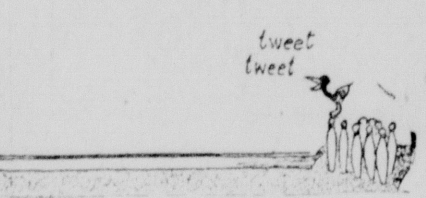

ple as this is his second year with the Dixon association. The result of his instruction last year is plainly visible. The following items give some idea of the working of that department as Mr. Kuhn terms it.

DOPE FROM THE DUGOUT.

Why is a Gym Class? Some don't know, some don't care, and some are indifferent, but some can tell 'em without any flourishes, ruffles or frills and those are the birds who KNOW. For those who DON'T know a few words from the wise ones might prove illuminating on the subject from those, who by experience, know what they are talking about.

A. W. Leland, J. I. Case T. M. Co.: I feel that I not only enjoy, but get a great deal of good, from the taking of moderate exercises in the gymnasium and expect to do more or less of the work this year.

A. L. Wilson, Salesman: Greatest indoor game that I have ever seen and great stuff for winter months. Hot

games, hot showers and everything. E. C. Kennedy, Music Dealer: The breaking away from business three nights a week for recreation at the "Y" along with the fellowship with other business men, in a friendly contest over Volley Ball, is what we need and it fits us for better business the next day. I expect to miss very few nights this coming season.

J. C. Vezina, Head Coach, High School: I feel deeply assured that no athletic game or activity does so much toward developing the human body than a properly conducted Gym Class. Gymnastics tend to develop every muscle and organ in one's body and I think that they should be carried on by every man, woman and child.

E. B. Raymond, Real Estate, Abstracts, etc.: Cannot afford to be without it. The calisthenics and games afford vigorous bodily exercise.

Mr. Kuhn, of Mankato, Minn., who is in charge of the Physical work, needs no introduction to Dixon peo-

ple as this is his second year with the Dixon association. The result of his instruction last year is plainly visible. The following items give some idea of the working of that department as Mr. Kuhn terms it.

W. H. KUHN
Physical Director

Dr. C. E. Smith, Dentist: In the Gym class you will get suitable and systematic exercise which is needed by business and professional men. You will also get lots of good wholesome pleasure.

Earl Miller, Instructor, High School: I regard my experience in the Gym class as very valuable. An hour's exercise with a good rub-down is certainly beneficial from a physical standpoint. It is stimulating, too, to mix with one's fellows and engage in

a little competitive sport in which every man is given a fair chance.

Harry M. Babin, Rector, St. Luke's Church: As a member of the Gym Class at the "Y" allow me to express my appreciation of its value and great benefits. It contributes very essentially to that physical fitness so necessary for effective service in any walk of life. A sound body stimulates good thinking, and adds greatly to moral and spiritual health. The classes are neither too exhaustive, nor too indifferent but are sufficiently alive to make the hours spent there most enjoyable and beneficial.

Lack of space forbids others from telling the world what they think but needless to say they all sing the same song. What is sauce for the goose is sauce for the gander. If these men, whose line of work is so varied, can get health, enjoyment, relaxation, fun recreation and a whooping good time in the Gym, is there any reason in the wide, wide world and all the planets why every one, unless he has one foot in the grave and one on a banana peel, cannot do the same thing? All it needs is a little initiative and a Gym suit.

Before we finish singing our little song there is just one more verse we would like to cram down your throats and that is the tale of the discovery of the real undisputed Eighth Wonder of the world. This great discovery was made by one of the Volley Ballists and like all other important and priceless discoveries it struck him all of a sudden, like the apple and Sir Isaac. All discussion and argument as to the eighth wonder of the world has arrived at a climax with this discovery; from now on it will be considered as settled, the decision going to the V. B'er whose modesty demands that his name be withheld from publication. Boiled down to the essential facts, the Eighth Wonder of the World is, "That all the red-blooded, wide-awaked, up-and-coming, alive and kicking men, women and children of Dixon are not enrolled in a Gym Class at the "Y". A large number are, of course, but there are a few who come in this class who don't know how much they are missing. Of course, again, there wouldn't be room for them all and we couldn't take care of 'em, so those who get in on the ground floor are the lucky ones. But despite the fact that every person not flirting with the

undertaker could not be accommodated, they don't try, at least, to get in. Very little has been said, so far, about boxing and wrestling, but then it has been too warm to even think of a gym class let alone the strenuous work of Gutch and Dempsey. There will be a class organized, however, sometime in November and announcement will be made more in detail later on. Dan Wolf, Dixon's well known mat artist, will have charge of the class. Nuf sed.

The fact that Gym classes have started has undoubtedly escaped the notice of some of these who are plan-

ELMER E. RICE
General Secretary

ning on getting in this season and then too the warm weather has kept lots out who know that the ball has started rolling but who lack the pep and ambition to get started while the weather remains so fine. But nevertheless the classes, most of them, have come up to expectations and the Junior "E's" have almost exceeded the speed limit. When the boys really do get started we'll sure have a merry time keeping track of 'em all. The Ladies evening class is showing up in great style and the they are strong in numbers they are rather weak on voice and not much noise is made on the one, two three fo'. The kids have got 'em all faded on the noise.

CUBA ELECTION RETURNS SLOW; ZAYAS LEADING

People of U. S. Will Know Their New Prexy First.

By Associated Press Leased Wire
Havana, Nov. 2.—Work of canvassing the vote of yesterday's presidential election moved very slowly last night, and it seems probable that if the rate of counting the ballots maintained last night is continued, the result of the presidential election in the United States today may be known here before Cubans learn the name of their next president.

Returns from only 111 of the 3,000 precincts in Cuba had been received by the central electoral board up till the time it closed shortly before midnight. At that time, Dr. Alfredo Zayas, coalition candidate, was leading as, coalition candidate, was leading General Miguel Gomez standard bearer of the Liberal party, by 682 votes. The tabulation as announced by the electoral board, gave Zayas 11,034 and Gomez 10,352.

There was a feeling of intense relief when dispatches from all parts of the island indicated that the day had passed without serious outbreaks. The number of persons killed around the polls was no greater than expected.

Dr. Zayas was a bit more optimistic than General Gomez, for he claimed a sweeping victory, while Gomez declared the tabulation was too meagre as a basis for predictions. The general's followers, however, went to bed after a night of great hilarity in Havana, satisfied that he had won.

THERE is a big differ- ence between Calumet and other Baking Powders.

First—you see it in the cost. Calumet is sold at a moderate price.

Then—you observe it in use. Calumet has more than the usual leavening strength, therefore less is required.

Next—you notice it in raising quality—in the evenness—lightness and texture of your bakings. They look better—finer grained.

CALUMET BAKING POWDER

Finally—what a difference in the taste. There is a deliciousness, a goodness that can be had in no other manner. Biscuits, pies, cakes, muffins, doughnuts—never were so tasty—so all-satisfying.

And then there is the satisfaction of knowing that Calumet is made in the World's largest, best equipped and cleanest Baking Powder Factories.

Pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. instead of 16 oz. cans. Be sure you get a pound when you want it.

Calumet Biscuit Recipe:
4 cups of sifted pastry flour, 4 level teaspoons Calumet Baking Powder, 1 level teaspoon of salt, 2 rounding table spoons of butter or lard, 1 cup of milk, 3/4 cup of water. Then mix in the regular way.

U. S. DEPUTIES GUARD CHICAGO VOTING BOOTHS

By Associated Press Leased Wire

Chicago, Nov. 2.—Deputies from the office of Charles F. Cline, United States district attorney, were added to the ballot box guards of special police and party workers in Chicago today.

In numerous precincts by Mr. Cline is expected to cut the Chicago vote. Len Small and former Senator James Hamilton Lewis, Republican and Democratic candidates for governor respectively, claimed an advantage from its effect on the down state rural vote. There are eight other candidates for governor besides these two, and a considerable share of the estimated vote of 2,300,000 in the state is conceded by political experts to candidates other than those of the two major parties. The contest between Lewis and Small aroused almost as much interest as the presidential campaigns.

Country people will find by advertising their dances in the Telegraph they can attract a good attendance. It pays to advertise. Try it.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women and men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then.

Too Much Appetite may be as dangerous as too little

When the skin is sallow or yellow, the eyes dull, the head aches or sleep broken and unrefreshing, the back aches, or there is a pain under the right shoulder blade—it is an indication that the body is being poisoned by poorly digested and imperfectly eliminated food-waste. It's a wise thing to take

Wisconsin Voters Are Realigned Now

Milwaukee, Wis., Nov. 1.—Realignment of voters on state issues is the chief point of interest in the election in Wisconsin. Non-Partisan League endorsement of part of the Republican state ticket and Senator La Follette's support of an Independent opponent of Senator Lenroot are large contributing factors in the situation. Republican leaders are confident of holding the state legislature, where the five un-opposed Republican candidates for the state senate are to be added twelve Republican holdover senators, giving the Republicans 17 out of the 33 in that body. Thirty-six Republican and three Socialist candidates for the assembly are unopposed out of a membership of 100.

Iowa Women's Vote is Very Uncertain

Des Moines, Ia., Nov. 1.—The vote to be cast here tomorrow is expected to be seventy-five per cent higher than the vote cast four years ago because of the women's ballots. Politicians, however, admit uncertainty as to how the women will vote. The Democrats are staging a big final rally here tonight. The Republicans closed their campaign activities Saturday night, with a large meeting.

Governorship is Center of Interest

Chicago, Nov. 1.—Interest in the fight between Len Small, Republican, and James Hamilton Lewis, Democrat for governor, overshadows the race for
